

Intelligent Constant Temperature

Say goodbye to the problem of hot and cold water

Millenium
Water Heaters

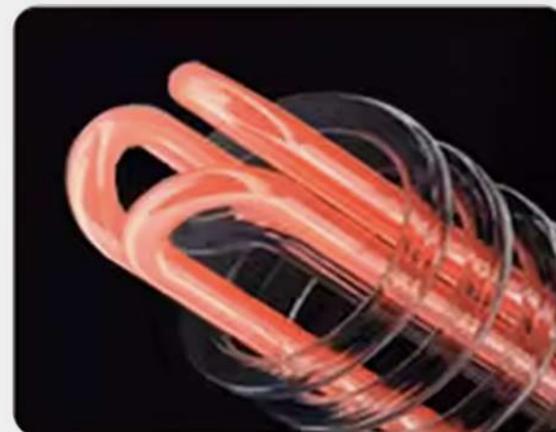

Digital Electric Water Heater

Suitable for all seasons

25-55 Degrees Stepless Temperature Control

Fast thermal conductivity, improving the heating efficiency

Technical data

Model	CPE-66
Power	6.6KW
Voltage	220V
Frequency	50/60Hz
Temperature range	25°C - 45°C
Material	Plastic
Rated Pressure	0Mpa
Opening Water Pressure	0.02-.06Mpa
Classification Of Waterproof	IPX4
